Medical Dermatology

Essential Cutaneous Infections 2018

This 1-day course, aimed at StR's, Hospital Specialty Doctors and Consultants is intended to complement the established Essential Medical Dermatology course.

The day will consist of lectures and case based discussions led by national authorities in skin infections. There will be a particular emphasis on exotic infections to address a gap in many StR training programmes and many Dermatologists' experience.

Date: Monday 24th September 2018

Times: 08:30 – 17:00

Venue: 4 Fitzroy Square, London, W1T 5HQ

Registration rates: £120 BSMD members
£140 non-members
